

LIVE LONGER WITH ART

TUITION SUBSIDY PROGRAM FOR SENIORS ON REDUCED OR LOW INCOME

Vancouver
Island
School of
Art

The *Live Longer with Art* campaign subsidizes the tuition of seniors on low or reduced income. This program will increase the number of people in the community that will benefit from what art education provides. The title *Live Longer with Art* is inspired by a 2019 study: “Even after accounting for a wide range of other health and social factors, researchers from University College London found that people over 50 who regularly engaged with arts activities were 31% less likely to die during a 14-year follow-up than peers with no art in their lives.” (British Medical Journal)

How to apply for a Live Longer with Art tuition subsidy*

Please submit a letter of application via email that contains the following:

- Name, address, email address and phone number
- A brief description of why you are requesting a tuition subsidy including your current financial situation
- Name of course or workshop you are requesting a subsidy for

*Tuition subsidies vary from 50% off tuition to no fee depending on the available space in the course or workshop and the needs of the applicant.

Please email your request to
info@vancouverislandschoolart.com
with the subject line: **Live Longer with Art**

This program is made possible by funding from the
Alan and Gwendoline Pyatt Foundation and the Barraclough Foundation.
